The Teaching and Learning Department requested subject matter and grade level appropriate posters to provide every teacher in support of their efforts to standardize instruction across the school system. They asked for complimentary, branded designs for teachers and students to use as a quick reference in the classroom. They requested posters using the framework for the RACE, CER, SAMR and ROPES educational strategies. These visually appealing posters have been a useful resource to support the core work of the school system which is teaching our students.
WIN AT WRITING WITH R.A.C.E.

R - Restate the Question
A - Answer the Question
C - Cite Evidence from the Text
E - Explain and Extend
PROBLEM SOLVING WITH ROPES

READ THE PROBLEM
Highlight important details

MIT THE UNNECESSARY
Cross out information you don’t need

PICK A STRATEGY
Decide how to solve the problem

EXECUTE
Use your strategy to solve for the answer

SUMMARIZE
Explain your thinking
