The 2020-21 proposed budget is balanced, remains within the Property Tax Cap, preserves programs and services, and keeps the Tax Levy growth within the Monroe County average despite receiving the lowest Foundation Aid per Pupil in the County. It also allocates reserves to absorb an initial \$1.45 million in state aid reductions, allows for a shift of funds between an in-school and remote program should that again be mandated, and includes strategies for managing additional, expected rolling reductions from the state during the 20-21 school year.
