Hundreds of thousands of #Dreamers were brought to the United States as young children seeking a better life. This is the only home they’ve known and we should do all we can to protect them from the Trump administration’s cruel efforts to repeal #UCDACA. #ProtectDreamers

I'm standing with our #Dreamers today as the Supreme Court hears arguments that could decide the fate of #DACA. As a professor at UCI, I'm proud that the University of California is arguing this case for our families, neighborhoods, and communities. #HomelsHere #UC4DACA

On June 18, 2020, in a 5-4 ruling, the U.S. Supreme Court struck down the Trump Administration’s arbitrary attempt to end the Deferred Action for Childhood Arrivals (DACA) policy. This decision was a big win for the hundreds of thousands of DACA recipients across our country, their families and our communities.

Since the Trump Administration’s decision to rescind the DACA policy in 2017, the University of California has underscored the urgent need to provide DACA recipients and other undocumented members of our community with permanent protection from removal, the ability to continue to lawfully work in the United States and a path to citizenship.

Following the court’s decision, 10,466 UC advocates signed the below pledge calling on Congress to provide permanent legal protections for DACA recipients and other members of our undocumented community.
