

Membership is at an organizational level. In other words, for one fee - your entire staff can take advantage of our member benefits.

Get more involved in the iMIS community and stay fluent in industry trends with a NiUG International membership. We offer three membership options: Organizational, Associate, and Vendor.

Organizational Membership

Limited to persons or firms who own and operate iMIS systems including but not limited to; professional and trade associations, philanthropic organizations, and association management companies.

Associate Membership

Limited to authorized iMIS solution providers or authorized iMIS consultants.

Vendor Membership

Limited to persons or firms that offer products or services to the NiUG community that do not otherwise qualify for associate membership.

SHARE, COMPARE, BECOME MORE AWARE

THE NiUG STORY

We are the largest independent, not-for-profit, iMIS user's group and it is our vision to create and maintain a platform where the iMIS community can: share information, easily connect with one another, and continuously gain knowledge through easily accessible educational tools and networking experiences.

We continuously strive to create an environment that provides our members the proven solutions to their iMIS related questions - saving them time, money, and stress. Started as a grass roots effort in the mid-90's, NiUG's core purpose remains to advocate, educate, and connect iMIS users. The key to our growth and stability is the input and participation of our membership and the leadership of our volunteer board of directors.

At NiUG, it is our mission to provide a forum to advocate for, educate, and connect users and vendors in the iMIS community.

NiUG INTERNATIONAL

the iMIS users group

Member Benefits & Resources

Our members work smarter, advance their organization, and make better, more informed decisions. How? We have developed a wealth of resources to help your organization save time, money, and stress while maximizing your iMIS investment and making your job easier. Below is a highlight of our key benefits and resources.

1

Work Smarter

Every day you are inundated with obstacles that tap your resources & drain your energy. Stop throwing your money down the drain! Posting a few questions per year to the NiUG Open Forum saves your organization several hundred dollars each year - more than covering the cost of membership.

2

Move Your Organization Forward

We make it easy to get the training both you & your staff need. In addition, to our Annual Discovery Conference & our User Community Summit, the Learning Center offers hundreds of recorded conference sessions & study materials available at your fingertips.

3

Reduce Your Risk

Between tight budgets & limited resources, it is crucial to avoid wasteful expenses. A NiUG membership connects you with thousands of fellow iMIS users, solution providers, & experts who understand where you are with iMIS.

“Through NiUG, I have been able to learn and share ideas and solutions. It is a cooperative environment where people of all skill levels participate and help one another.”

MEMBER RESOURCES

Continuing Education

Working with experts in the iMIS community, we offer the best & most affordable training options available.

- Our **Annual Discovery Conference** is held in the Fall and typically on the east coast area in the DC area. We also have events in Canada, United Kingdom & Australia. No matter the location, all NiUG conferences offer several tracks & feature expert speakers with real-life iMIS experience.
- The **NiUG User & Community Summit** provides training from the basic membership coordinator to the advanced IT professional.
- The **Complimentary Webinars** are provided to all NiUG active dues paying members, saving your organization hundreds of dollars each year. All webinars one hour or less webinars included and we offer training from basic to advanced.

Publications & Additional Resources

Gain valuable knowledge & find the tools you need to move your organization forward.

- Tech support calls can range between \$150 - \$300 per hour. Before paying for support, post your question to the **iMISInsider Community - Open Forum**. Posting a few questions per year can save you several hundred dollars per year and will easily

give you a return on your NiUG membership dues investment.

- The **App & Add-on Toolbox** helps you quickly browse, sort, & choose the best iMIS solution available for your organization.
- The **Learning Center** keeps you connected with hundreds of conference sessions & webinars - available at your fingertips 24/7.
- **The NiUG Connection**, our digital newsletter, provides a relevant mix of articles, industry updates, iMIS tips, & expert advice.
- Our **Career Center** connects qualified iMIS professionals with employment opportunities in the iMIS community.
- The **Product Advisory Committee** helps to amplify your voice by providing product direction & enhancement requests to Advanced Solutions International, the company behind iMIS, with the goal of getting each worked into the iMIS product. Use our **iADVOCATE** tool under Submit iMIS Enhancements.
